## THE TEXT

(1)

**Louise Cameron, 45,** a disabled from Bristol heard about TimeBank on a television programme. Louise is and had been thinking about volunteering for a while but wasn't sure how to go about it. She went online and registered. 'I do teaching and physical activities with the children, and also look after them. I enjoy the club because it makes me feel good that I am looking after and caring for the kids.'  
 Although Louise is very busy she feels that volunteering has given her new experiences.

(2)

**Anne Stevenson ,60** a retired Dental Nurse, who volunteers with Talnotry Avian Care Trust (TACT) in Crumlin. TACT takes in various wildlife creatures and is the only place that does so in Australia . **They** aim to return animals to the wild. "I am solely responsible for the children's animal corner which involves, feeding and caring for guinea pigs, hedgehogs, ferrets, owls and a kestrel, ... and I love it! It gives me tremendous satisfaction and keeps me young."

(3)

**Mandy Stevens,47,** a single mother from Southampton and has two children aged 14 and 15. She has been volunteering on the RARS (Reconciliation and Reparation Project) She works for a tolerance and reconciliation service and arranges meetings between young offenders and victims. "I'm a kind of peacemaker .Victims are often very angry," says Mandy. "The sessions can help them. For example, people who have had their house burgled are often pleased to find out who did **that**." "Because I'm a volunteer, the kids are able to trust me more," reflects Mandy. Any support she can offer to these kids makes volunteering a very rewarding experience and gives value to her life.
